REFERENCES : a. Dispatch [REDACTED] dated 5 August 1960.

b. [REDACTED]

1. This memorandum contains a recommendation for your approval in paragraph 4.

2. The Acting Chief, WH Division, has requested that the weight allowance of [REDACTED] be increased from 18,000 to 21,600 pounds in order to permit [REDACTED] to return to the United States the excess household effects acquired as a result of his representation duties while stationed at [REDACTED].

3. Dispatch [REDACTED] (attached) from the [REDACTED] gives the general reason for the acquisition of the excess weight and asks for approval of the excess weight before 1 September 1960 since the furniture is to be packed for shipment on that date. 4. In view of the time element involved, it is recommended that [REDACTED] be authorized to ship excess weight of household effects up to 3,600 pounds, subject to the following conditions:

a. That [REDACTED] provide the Chief, WH Division, with a complete list of the household effects shipped.

25X1A b. That the Chief, WH Division, review this list

of any items considered not reasonable or necessary by
the Chief, WH Division, are to be paid for by Mr.
